How the News Ball Rolls.

Last week F. K. Houghton of Philadelphia locked himself in a room and turning on the gas ended his life. The city papers stated his father was visiting Gettysburg and had been telegraphed to. The tale grew until finally head lines told that a Gettysburg man had committed suicide and that he was the son of a well known Gettysburg physician. The facts are that the man was not of this place and doubtful whether he had ever been here as a visitor. He was a dissipated man. His father happened to be on the personally conducted tour to Gettysburg on Oct. 8 and that incognito, for he had taken the place of another party on the tour and hence was not booked in his own name at the Eagle Hotel here. When the telegram came of suicide of son the father could not be located on account of being booked here in another's name. The father left Gettysburg without learning of suicide. The latter had recently inherited $50,000 but had not learned of the fact when he shuffled himself off.

Letter to Allen B. Plank.

Gettysburg, Pa.

Dear Sir: You are so well known that the people have put you in office. They knew what they were about: They didn't do it by accident.

Wouldn't it be a handsome thing to do to paint your house? It is a nice house, has a good substantial commodious look, and isn't rusty at all, you know: but a fresh coat of paint would make it so bright! it's a pity not to.

Devoe is beautiful paint, but the beauty of it is: it lasts so long, and does so much more than adorn an already interesting and attractive edifice. House out-buildings and fences. There isn't a man or a women in town, who wouldn't see them and make some pleasant remark.

Of course, you will paint the town property: nothing would mark your administration more, in the eyes of the people: and, having done the same thing at home, it is the most natural thing in the world to do it for them.

Yours truly
F. W. Devoe & Co.

MISTAKEN FOR A THIEF.

And Shot by His Brother in the Abdomen.

George and William Wampler, sons of Daniel Wampler of Hunterstown, had planned to go to the mountains on Sunday morning to see whether they could get some chestnuts. George worked on a farm about a mile from his home. He got up early and went over to his home, from where he and William were to start. It was about 4 o'clock in the morning and the home folks were not up. George made some noise which awakened a sister, who called to William that thieves were about or trying to get in the house. William jumped out of bed, got his gun and fired out of the window. It was a double barrel gun he had and both barrels were fired off. The two loads struck George Wampler in the abdomen. At the present time he is alive but recovery is extremely doubtful

The Toptons.

The annual excursion for the benefit of the Topton Orphans Home has been here and gone. What a host of them there were. More than any other year. They came in nine sections, the first arriving after 10 a. m. and they kept coming until away in the afternoon. The first section going left in the early evening, the last section pulling out at 8 p. m. There were 99 coaches in the nine sections, carrying a total of 6,057 passengers. The day could not have been finer and the battlefield was theirs. The trolley carried them to the limit, the hackmen hauled them, they walked, their pictures were taken, they were fed just anywhere, mostly around the station in the evening. Souvenirs were sold them by kids who had only been walking a few years, up to men, and they bought out the supply of the red and white glassware. Altogether it was pronounced by every one as a very good day. Howard Ahn a farmer, living near Topton, fell from a freight train near Lyons, where he expected to join the excursion and was so badly mangled that he died before he reached hospital.

COUNCIL, SEWER AND ROCK

BILLS FOR ROCK IN SEWER NOW AMOUNT TO $1500.

Hopes Entertained to Build Sewer Within Debt Limit, Though Rock Bill Would be High.

The Town Council met at an adjourned session on Tuesday evening of last week. The indications had been for a stormy meeting between the council and Engineer Pratt. The latter had some warning of it and did not put in appearance, sending his assistant, Mr. Wilson. After some talk and explanations council adjourned in a pleasant humor.

When the sewer matters were reached Councilman Gilbert had the secretary read a letter he had written to Engineer Pratt, reading him the riot act, showing him his short comings and not living up to contract in failing to have an engineer constantly on the ground. The reply of Mr. Pratt was next read, in which he made no reference to the many statements of Mr. Gilbert on his short comings, simply stated that Mr. Wilson would be in Gettysburg to stay and straighten out all matters complained of.

Mr. Wilson then asked permission to read report of sewer work done to date, 2295 feet of 15 inch pipe, 2505 feet of 12 inch pipe and 2406 feet of 8 inch pipe, 15 manholes and 9 lamp holes. He stated rock encountered so far was 766 cubic yards.

A cross-examination by a number of councilmen followed as soon as rock was mentioned. Where had it been found? Engineer McIntosh had found 275 cubic yards on outlet trench east of Stratton street and 119 yards on Water street to Woodward ave. Mr. Wilson had found 134 yards on Water street west of Woodward ave., 26 yards on Stratton from railroad to York and 210 yards on Stratton from Water to Stevens. Mr. Wilson assured the council it was genuine rock, that he would be glad to have councilmen present when he measured rock hereafter. After all the questions had been answered council seemed satisfied that it was up to the borough to pay for the rock so far found. The contractors' bill of $2410.27 with 15 per cent. held back of $361.62 leaving $2049.15 due was ordered to be paid. Engineer Pratt's bill of $60.27 was also directed to be paid.

The sewer work is about one-fifth finished and bill for rock is about $1500. It is contended that that portion of the town has been sewered where rock is most likely to occur and that less rock ought to be hereafter encountered. The Sewer Committee say that changes in plan will save nearly $4,000 and that even if rock bill amounts to $6,000 or $7,000 the sewer job can be completed for $30,000.

A communication was read from Hayden, Miller & Co. of Cleveland, Ohio, saying that their bid for sewer bonds had been subject to approval of their attorney and as such approval had been withheld they would not accept bonds. The objection had been a trifling one. When council guessed the bonds had better be offered to the next highest bidder, a motion prevailed that matter be deferred until next regular meeting.

Councilman Gilbert presented an ordinance by which borough contracted with Water Company for water for five years at $400 a year for 45 water plugs and $10 a year for all plugs in excess of 45 plugs. The adoption of ordinance was moved and passed.

The following bills were ordered to be paid:

Civic Club, sprinkling in front engine house	$ 4 00
Emory Plank, supplies	20 32
Chapman Valley Mfg. Co., 3 fire plugs	83 16

Council then adjourned.

Election House to be Built.

The County Commissioners heard last week the complaint of the School Board of Straban township about the use of school house in Hunterstown for election purposes, how dirty it became, the days it took to clean it and how election week was sometimes entirely lost for school purposes. They objected to use of school house for election purposes and asked for relief. The Commissioners decided to build an election house. They have purchased near center of Hunterstown a plot of ground 18 by 24 feet and are erecting on it a one and one half story election house in which to hold all elections, primaries and like meetings.

Losses Exceed Insurance.

The fire which destroyed the large barn of George D. Coulson near Round Hill on night of Oct. 2, as published last week, was caused by lightning. Mr. Coulson had $700 insurance on barn in the Adams County Mutual Fire Insurance Company. The barn had been recently improved and Mr. Coulson's loss will exceed his insurance by several hundred dollars. The tenant on farm was Boyd Coulson, son of the owner. His insurance on his share of the contents of barn was $200 and as the total crops of the season were lost, the loss of the son will far exceed his insurance.

CAME NEAR DYING

From an Awful Skin Humour. Scratched Till Blood Ran. Wasted to Skeleton.

CURED BY CUTICURA

One Application Soothed Him to Sleep. Cure Speedy and Permanent.

"When my little boy was three months old his head broke out with a rash, which was very itchy and ran considerable watery fluid. We tried everything we could, but he got worse all the time till it spread to his arms, legs, and then to his entire body, and he came near dying. It itched so he would scratch till the blood ran, and a thin yellowish stuff would be all over his pillow in the morning. I had to put mittens on his hands to keep him from tearing his skin. He got so weak he took fainting spells and we would think him dying. He was almost a skeleton and his little hands were thin like claws.

"He was bad about eight months when we tried Cuticura. I had not laid him down in his cradle in the daytime for a long time. He had got so that he just slept in our arms all the time.

INSTANT RELIEF

"I washed him with Cuticura Soap and put on one application of Cuticura Ointment and he was so soothed that I put him in the cradle. You don't know how glad I felt when he felt better. It took one box of Cuticura Ointment, pretty near one cake of Cuticura Soap, and about half a bottle of Cuticura Resolvent, to cure. I think he would have died only for the Cuticura."

MRS. M. C. MAITLAND, Jasper, Ont.

No return in 14 years: Mrs. Maitland writes, under date of Feb. 24, 1903: "It affords me pleasure to inform you that it is fourteen years since my boy was cured of the terrible skin disease. He has been permanently cured and is hearty and strong."

Sold throughout the world. Cuticura Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 60), Ointment, 50c., Soap, 25c. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Boston, 137 Columbus Ave. Potter Drug & Chem. Corp., Sole Proprietors.

WILLIAM H. BERRY

Brief Sketch of the Life and Achievements of the People's Candidate For State Treasurer.

The biography of William H. Berry, Democratic nominee for state treasurer can be briefly written. His life has been one of endeavor and achievement. He has been a worker from earliest manhood and whatever of success he has attained has been the fruit of his own effort.

Mr. Berry was born in Edwardsville, Illinois, September 9, 1852, and was educated in the public schools of that village. He served an apprenticeship as a machinist in Buffalo, New York, where he acquired a technical education in the night schools, giving his evenings to study after his days of labor. Upon the completion of his apprenticeship he served seven years as a journeyman machinist at the bench.

In 1874 Mr. Berry located in Chester, where he had obtained employment as a machinist. Subsequently he worked there as journeyman, assistant foreman and foreman for 17 years, during which time he invented several labor-saving devices, some of which have proved profitable as well as useful.

In 1892 Mr. Berry established a plant of his own in Chester for the manufacture of steam specialties, under the title of the Berry Engineering company. He became president and general manager of that company, and incidentally, as its title invited, became consulting engineer of several large manufacturing plants in Chester and adjacent cities and towns.

Mr. Berry is essentially a self-made man. From the proceeds of his labor and the fruits of his inventive achievements he has enjoyed during recent years sufficient income to properly educate his children and create for his family a comfortable home. One of his sons has been schooled in the sciences sufficiently to take his place in the factory and another is serving honorably as a lieutenant in the Marine Corps of the United States navy.

Mr. Berry joined the Methodist church in 1876 and was made a local preacher in 1879. He has preached acceptably and with advantage to the church in all the churches in the vicinity of his home. He lectures frequently on scientific and economic subjects and is actively identified with all the charitable and philanthropic movements in the city in which he lives.

In politics Mr. Berry is a disciple of Thomas Jefferson, and though adverse to holding office has always been faithful to civic obligations and active in public affairs. He has served in the Councils and School Board of his adopted home with great satisfaction to the people.

The first political office ever held by Mr. Berry was that in which he is now in commission. The city of Chester had been ring ridden far beyond the limit of peaceful endurance for many years, and public protests were literally laughed down. Last spring, however, the people determined to make one great effort at rescue, and the Democrats nominated Mr. Berry for Mayor. The prospect of sucess was not promising when he was notified that the honor had been bestowed upon him.

At the November election prevoiusly, Roosevelt had nearly 6000 majority out of a total vote of a little more than 10,000, and in order to win, therefore, it was necessary that he should get all the Democrats, every Prohibitionist in the city and nearly half the Republicans. Most men would have been appalled at such a condition, but it didn't frighten him. He accepted the nomination, and promptly set about to secure the election. After the most exciting contest in the history of the city, the vote resulted in a substantial majority for Mr. Berry.

And he has "made good." During the campaign Mr. Berry declared that in the event of his election the iniquities which were disgracing the city should cease. Just as he asserts now, that if he is elected State Treasurer the graft in the finances of the state will be stopped, so he said then that if elected Mayor the gambling dens, speak-easies and vice resorts should be eliminated from the life of the city. That pledge has been fulfilled, moreover. The moment he entered upon the duties of the office he set himself to the task of fulfilling his promise and found it exceedingly easy of achievement.

Probably no man in Pennsylvania had less thought of the Democratic nomination for State Treasurer on the day of the Democratic State Convention met than Mr. Berry. But the revolt against civic uprighteousness had just begun in Philadelphia, and all minds were turning toward reform and reformers.

In this state of public opinion the name of William H. Berry, the reformer who "does things," was mentioned, and it ran through the body like "fire in an August clearing," and he was unanimously nominated. As he declared in his speech of acceptance, he had nothing to do with the matter up to that time, but he has taken a hand since, and is now leading a triumphant army to certain victory.

Mr. Berry has always been peculiarly fortunate in his relations with workingmen and organized labor. Indeed, he freely ascribes his success in the mayoralty campaign to the cordial and earnest support of the artisans in the community. He has been an employer of labor for many years, and during recent years extensively so. But he has never had a labor strike or serious difficulty with his employes on account of wages or differences of any kind.

MAKES WEAK WOMEN STRONG AND SICK WOMEN WELL.

Forty years ago, Dr. Pierce searched *Nature's laboratory* for a remedy with which to supplant the ignorant and vicious methods of treatment, with alcoholic stimulants, then in vogue, and still too commonly prescribed and advised for woman's peculiar ailments.

Nature abounds with most efficient remedies, and in Lady's Slipper root, Black Cohosh root, Unicorn root, Blue Cohosh root and Golden Seal root, Dr. Pierce found medicinal properties, which when extracted and preserved by the use of chemically pure glycerine, have proven most potent in making weak women strong and sick women well. It contains no alcohol; is not a "patent medicine," nor a secret one either.

"I was suffering with nervous headache, pains in the back and dizziness, so that at times I had to lie down for hours before I could raise my head," writes Mrs. Mary M. Thomas, of 87 Winston Street, Los Angeles, Cal. "After taking the first bottle of "*Favorite Prescription*," however, I was so pleased with the results that I kept on taking it until I was restored to health and strength. I shall never be without this great medicine, and shall take a few doses when I do not feel strong."

One of the principal uses of Dr. Pierce's Favorite Prescription is the preparation of prospective mothers for the time of trial and danger that comes when a child is born. The "Prescription" is strengthening and invigorating and lessens pain and danger. It insures the perfect well-being and the perfect health of both mother and child. Every woman should know these things before she really needs to know them. There are many things in Dr. Pierce's Common Sense Medical Adviser, that every woman ought to know. This celebrated work reached a sale of 680,000 copies at $1.50 each. The expense of production having thus been covered, it is now being given away. A copy will be sent to any address on receipt of 21 one-cent stamps to cover cost of mailing *only*, or, in cloth binding for 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

Don't Be Hoodwinked, hoodooed, hypnotized or over-persuaded into accepting a substitute for the **Original Little Liver Pills**, first put up by old Dr. R. V. DR. WESTON IS FOR BERRY

The Venerable Theologian Congratulates Candidate On His Speeches.

The religious world, as it is represented in Pennsylvania, is concerned in the pending political campaign more than usual. That is, those concerned with the conservation of the moral interests of the State are cordial in their support of the Democratic nominee for State Treasurer.

For example, when the newspaper comments on Mr. W. H. Berry's speech accepting the Democratic nomination for State Treasurer reached the retreat of Rev. Dr. Henry G. Weston, president of Crozier Theological Seminary, that venerable educator and clergyman was delighted, not only with the fact of the nomination, but with the high plane upon which the candidate placed himself.

In proof of this fact, the following leter from Dr. Weston to Mr. Berry is apropo:

Crozier Theological Seminary,
Chester, Pa., Sept. 2, 1905.

My Dear Mr. Berry: Allow me to say that I have been exceedingly pleased with the reports in the newspapers of your speeches—your campaign speeches throughout the State. They are not only admirable in spirit, but most politic in their influence on the contest.

Attacks on the personal character of an opponent invariably arouse sympathy for the man abused, and awaken or increase a personal dislike for the speaker. Where it is possible, a manly tribute like that you paid to the late Mayor here intensifies the impresssion that you are honestly striving for a principle and not for personal advancement or personal revenge. You cannot do better for yourself or your cause than to rigidly adhere to the course you have thus far pursued. For your success you have my best wishes and my words always when they will do you any good. I am very truly yours. HENRY G. WESTON.

Dr. Weston is widely known throughout this country and Europe as a theologian and scholar. His tribute to the personal fitness and character of Mr. Berry will have a profound influence on the public mind of the country.

Letter From One of the Oldest Living Graduates of Compiler Office.

It is now thirteen years since my visit to Gettysburg. Then more than forty-one years had passed since I closed my apprenticeship under H. J. Stahle, whom I ever held in high esteem. One return only in fifty-four years to the place associated with very precious memories, for it was in Gettysburg I was "born again." I am now a hoary-headed old man in my seventy-fifth year, but well preserved for one so old as the following will show:

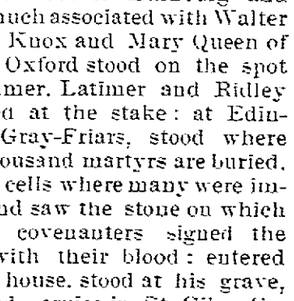

The Baptists from all parts of the world held a congress in London in July last, to which I was a delegate. At the close of the congress a tour, with others, was made in England, France and Scotland. The voyage from New York to Liverpool was unusually pleasant, smooth sea and sunshine every day. All day long the Celtic sailed along the southern coast of Ireland, and the northern coast of Wales, and entered the Mersey just as the sun was setting at quarter of nine o'clock. The docks of the great commercial city of Liverpool extended along the river six and a half miles. After stay in Liverpool long enough to see the main parts of the city, we went to Chester, the oldest city in England. Walls and towers and moats are still in existence that were built at the time of the Roman occupation. In London at the close, and at intervals during the Baptist congress, time was given to visit all the places of historic interest in the city including a sail on the Thames to Greenwich, seven miles. The House of Parliament, Westminster Abbey, St. Paul's Cathedral, British Museum, the Tower, the bridges and tunnels, Hyde and Regents parks were all visited. In the Tower are the crowns, masses of solid gold, and all the crown jewels, were guarded but in plain view. The spot is marked where Ann Bolyn, Katherine Howard, two of the wives of Henry the 8th, and Lady Jane Gray were beheaded: and in another place where Sir Thomas Moore, and Cardinal Fisher were executed. The American delegates were one day the guests of Cambridge University where we were royally entertained. At Bedford and Elstow we entered the home and saw much associated with the immortal dreamer, John Bunyon. At Warwick and Stratford on Avon, memorials of Shakespeare were everywhere evident: we entered his home and that of Ann Hathaway. Returning to London we went next to Paris and Versailles, crossing the channel where it is sixty-seven miles wide, from New Haven to Dieppe, passing through Normandy and the city of Rouen. At Paris every place of interest to tourists was visited. The Louvre Art Gallery, Arch of Triumph, Eifel Tower, Notre Dame Cathedral and Madalene Church, the beautiful Champs Elyses stretching from Paris to Versailles, twelve miles, the Alexander Bridge and Napoleon's Tomb, the Invalides, House of Deputies, Tuilleres Gardens, various palaces, one from which Charles the 9th fired on the Huguenots on St. Bartholomew's day in 1572. Saw the royal carriages and the beds used by Napoleon, and Louis 19th, and Marie Antoinette. The grandeur of Paris exceeds anything seen elsewhere, and baffles description.

Back to London, thence to Birmingham, and passing Sheffield, Leeds and Carlisle, we went to Edinburg and there saw much associated with Walter Scott, John Knox and Mary Queen of Scotts. At Oxford stood on the spot where Cranmer, Latimer and Ridley were burned at the stake: at Edinburg, in Gray-Friars, stood where eighteen thousand martyrs are buried, entered the cells where many were imprisoned, and saw the stone on which the Scotch covenanters signed the covenant with their blood: entered John Knox house, stood at his grave, and attended service in St. Giles Cathedral where he preached. Was at Edinburgh and Holywood Palaces where Mary Queen of Scotts lived, saw beds and other furniture used by her. Stood on the Heart of Midlothian, marking the spot where the old Tolbooth stood: crossed the Firth of Forth bridge to the Highlands and Lake Katrine and Lomond, back to Edinboro and Glasgow, thence to Melrose and Abbottsford, places immortalized by Walter Scott. From Liverpool passage homeward was to the north of Ireland and Newfoundland, passed many icebergs, through the Straits of Bellisle into the Gulf and River St. Laurence to Quebec and Montreal.

A SHAMEFUL RECORD

Plummer Earned Machine Favor By Abject Servility.

His Legislative Career Shows a Continuous Course of Iniquity and An Unbroken Record of Obedience to the Bosses—Voted For All the Vicious Legislation of the Gang and Against All Measures For the People.

[Concluded From Last Week.]

The Session of 1905.

J. Lee Plummer's abject servility to the machine in the contested election cases disposed of during the session of 1903 made him a prime favorite at the beginning of the session of 1905. During the two previous sessions, Ward B. Bliss, of Delaware county, had been chairman of the committee on appropriations, admittedly the most important position in the Legislature from a machine standpoint, with the possible exception of the Speakership. According to precedent, Mr. Bliss, having been re-elected, stood to succeed himself, with Mr. McClain, of Lancaster, the fittest man in the body, measured by experience and ability for the office, first in the line of succession. Shortly before the session opened, however, Mr. Bliss died, and Plummer was jumped over McClain's head into the coveted position.

Few outside of those intimately associated with legislation understand the vast power for good or evil vested in the chairmanship of the house committee on appropriations. He is in fact in control of the purse-strings of the Commonwealth, and supported by a well-disciplined machine can dispose of the revenues of the State almost at his pleasure. For years it has been one of the principal sources of revenue for the machine, the rake-off from appropriations to charitable and educational institutions amounting to a vast sum each session. But to make this graft available, it is necessary to have an absolutely obedient and entirely conscienceless man at the head of the committee. In the contested election cases, Mr. McClain showed that he couldn't be depended upon, and Plummer proved that he could. Therefore, Plummer was taken.

State Charities Perverted.

The record of the appropriations committee of the last Legislature is so notorious and rotten that it's hardly worth while to cite it in detail. The managers of every charity in the State know how their recommendations were ignored, the members of the committee remember how they were slighted, and the general public has come to understand that political expediency rather than the merits of institutions or the necessities of the wards of the Commonwealth was consulted in dispensing the charities. Representative Hays, of Butler county, a lifelong Republican and member of the committee, openly charged Chairman Plummer with usurping authority and betraying public interests by shaping the appropriations to serve the political machine rather than the interests of the people. Plummer was silent under the accusation because he knew it could be proved.

His relationship to other vicious legislation of the session of 1905 may well be examined by the voters who are asked to entrust him with a closer association with the treasures of the State. It can be said without fear of contradiction that he supported with voice, vote or personal solicitation every iniquitious measure considered during the session, and that he didn't vote for a single measure in the interest of the people unless it was some trifle which the machine consented to as a sort of sop to the reform whale. For example:

He voted against a resolution instructing Pennsylvania Senators, and requesting our Representatives in Congress to vote for the legislation advocated by President Roosevelt prohibiting discrimination in freight charges and the payment of rebates. Legislative Record, pages 200-204.

Against Personal Registration.

He voted against the resolution offered by Mr. Sheatz, of Philadelphia, to discharge the elections committee from the further consideration of his personal registration bill for cities of the State. Legislative Record, pages 977-78. The measure had been held in committee so long that the purpose to smother it stood revealed, and the object of the motion was to put it on the calendar in order that it might have a chance of passing. Mr. Plummer and most of the Republicans under orders from the machine managers voted against the motion and defeated it.

He dodged the vote on the resolution offered by Mr. Creasy to put the bill allowing trolley railroads to carry freight on the calendar. Legislative Record, pages 2219-22. That measure was also being stifled in committee by machine orders.

He voted against the resolution offered by Mr. Seyfield, Republican, of Clearfield, to take the employers' liability out of the committee on judiciary general and place it on the calendar. Legislative Record, pages 2224-27. This bill was advocated by the United Mine Workers and other labor organizations, and is already in successful and satisfactory operation in a number of States.

The Infamous Vice Bills.

He voted for the atrocious Puhl bill. Legislative Record, pages 1033-46.

This measure was designed to destroy the Philadelphia Law and Order Society. When the partnership between the police department and the purveyors of vice became so notorious that the public conscience revolted, the Law and Order Society was organized as a defensive expedient by well-meaning people. For several years it had been the only agency to repress vice, and its activities were in some measure menacing the prosperity of the odious partnership. The society operated through deputy constables appointed by friendly Magistrates. The constables operated under the direction of agents of the society, and without consultation with the police. The Puhl bill required all such organizations to make public all its movements, including its sources of revenue, the obvious purpose being to enable the police department to "tip off" the criminals all contemplated raids, and punish those who contributed to the funds of the society as unfriendly and venal police authorities can.

He voted for two of the infamous Ehrhardt bills, and dodged the vote on the other. Legislative Record, pages 1080-81; 1414-15.

These monstrous measures were intended to protect the "white slave" dealers in Philadelphia. A number of miscreants had formed a syndicate to recruit for the brothels of that city and New York. Their method was to send agents into the country towns and to the ports of entry where, under promise of lucrative employment, they would induce attractive country girls and likely immigrant girls to accompany them to the dens of vice and crime. Once there, there was no escape, and they were starved or coerced into lives of shame. The Law and Order Society having obtained information of this most awful iniquity, set about to break it up. The deputy constables were invoked and several arrests made. The Ehrhardt bills prohibited deputy constables from serving warrants unless they were countersigned by the Superintendent of Police, the purpose being to notify any of the "white slave" dealers when warrants were issued against them so that they could escape arrest.

Plummer was fully informed of the nature of those infamous bills as well as the object of them, but he supported them nevertheless.

Other Votes Inimical to Public Interest

He voted for the Quay monument in capital park. Legislative Record, page 2292.

He dodged the vote on the bill abolishing fees for District Attorneys and substituting stated salaries. Legislative Record, page 2324.

He voted for all the Philadelphia "ripper" bills. Legislative Record, pages 3027-35.

He voted for the freak libel bill introduced at the instance of Mr. Olier, of Pittsburg. Legislative Record, pages 3919; 3957-58.

He dodged the vote on the bill giving privileges to the paper trust in Pennsylvania that are not enjoyed by other foreign corporations. Legislative Record, pages 848-51.

He spoke and voted against the amendment to the general appropriation bill, offered by Mr. Creasy, increasing the appropraition for township high schools from $100,000 to $200,000. Republican Floor Manager McClain and others supported the measure, and the day after its defeat the machine bosses compelled Plummer to move a reconsideration of the vote, and stultify himself by an apology for his blunder. Even Durham and Penrose wouldn't stand for such folly.

There is no record of the vote on the motion of Mr. Dunsmore, of Tioga county, increasing the age limit in the odious Judges' retirement bill from 70 years to 90, but as that bill was a machine measure, and as Plummer had voted for the Judges' salary increase at the previous session, it may be presumed that he voted with the other servile tools of the machine against the amendment. It was adopted, however, and the iniquitous bill was subsequently laughed off the calendars.

Railways In 1840.

A writer in the New York Mirror of 1840, in the course of a rhapsody on the railway, says: "Dueling and changing horses and separate rooms are at an end, our first literature must now become woven with steam, our incidents must arise from blowups and love be made over broken legs, while here the novelist will have to record the falling in of a tunnel, the only chance left for a touch of the sublime." Trains then proceeded under wonderfully good condition occasionally at the awe inspiring speed of thirty-five miles an hour as a maximum.

Unreasonable.

Before Hairpins Were Invented.

Mr. Blinks—I see by this paper that hairpins were invented in 1545 and—Mrs. Blinks—Dear me! How do you suppose women buttoned their shoes and mucked trunks before that?

MISS GILBERT'S MISTAKE

[Original.]

I was awaiting an answer to a card which I had sent up to my friends, the Gilberts, when the waiter who had taken it returned and invited me to follow him. On reaching the suit of apartments to which he led me there stood a young girl, with a card in her hand, whom I had never seen. My first impulse was to withdraw, but when she advanced to greet me there was that in her presence, especially in the smile with which she welcomed me, that bade me pause for developments.

"I expected you," she said. "Uncle wrote me that you would be here today, though I hardly thought you would come so early. Yes, I know what you're going to say—couldn't wait and all that. Such nice things don't count between us, since we've never seen each other. Keep them till our acquaintance is at least a few minutes old."

It was thus that she stopped the only attempt on my part to tell her of the mistake she was making. She led me to a tete-a-tete, where we took seats facing each other; then she said:

"Well, are you disappointed?"

"Disappointed? On the contrary, I'm delighted."

She lowered her eyes. She could not conceal the pleasure my appreciation called forth.

"And you?" I asked. "Are you disappointed in me?"

Her only answer was a smile, but it spoke far plainer than words that she was much pleased with me.

"I have told uncle all along," she said, "that the mere union of two miserable pieces of property would be no inducement to me. There must be something far beyond convenience."

"Certainly," I replied.

"I confess it has bothered me to know that your land is worth more than mine."

There was evidently a match in progress in which two estates were to be joined. I was rich, but the lady might be richer. I was curious to know how rich she was.

"I have no idea what yours is worth," I remarked carelessly, "nor do I care."

"Uncle says it's worth $20,000, while yours is worth $30,000."

I breathed a sigh of relief. If it came to a tussle with the other fellow I could outbid him—I was heir to $400,000.

"Don't let us talk of such sordid matters. Let us rather speak of that union of hearts which is most important in marriage. Tell me if since seeing me you think you can love me."

"I don't know," she said, looking up at me archly. "It's too soon to tell."

A voluntary confession does not involve necessarily all the mean things a man has been guilty of, especially in an affair of love, so I will only say that I had a delightful visit, but the moment I got out of the hotel I felt like a cur. The thought of her discovery of my villainy horrified me. This came, I confess, not from a tender conscience, but because I had fallen in love with the girl I had deceived.

There was no great mystery about the matter, simply a coincidence, or rather a double coincidence. There was probably more than one Gilbert family in the hotel, and the man who was expected must have been of the same name as I. Nothing remained for me but to leave my rival to call in his own good time and uncover my villainy.

A year passed. I neither saw nor heard anything of her who must be Miss Gilbert, though I both wanted and dreaded to see her. A meeting came at last, and when it came it was so sudden that it quite took my breath away. At a ball one evening I was dancing a figure in which partners are changed, and suddenly found myself vis-a-vis with the lady whom I had so grossly deceived. I stood as if turned to stone. There was a momentary look on her face as if she might have seen me before. Then she accepted me for a partner as she would any other man who had not been introduced. We finished the figure without a word, and, inclining her head slightly, she left me.

I took steps at once to discover who she was and found, as I supposed, that she was Miss Gilbert.

Apparently she had not recognized me as the man she had received by mistake. At any rate I proposed to brazen it out that I was not. I secured an introduction and asked her to dance. What troubled me was that there was none of that delightful interchange of sympathy we had experienced. One thing she said pierced me to the heart. "You have the same name and greatly resemble a man who once treated me very dishonorably."

I thanked heaven that she did not know I was the same person and set out to win her as an entirely new identity. I found it uphill work. However, by exercising patience I finally succeeded, when she told me that I had had to overcome her prejudice against me in my resemblance to the man who had acted so contemptibly. I shuddered at the narrow escape I had had in not being recognized and declared that the fellow deserved a coat of tar and feathers.

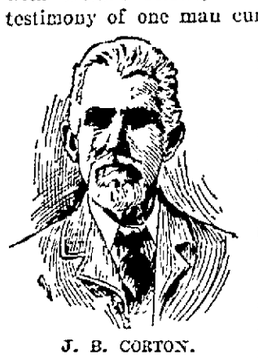

One day after we had been married some time I concluded to confess that I was the man who had acted as she always contended, very dishonorably. I did so fearfully and watched her expression as she received the confession. She was not in the least surprised. On the contrary, she told me that she knew me the moment she met me the second time. Moreover, she had refused the other fellow, hoping that I would follow the affair to an end.

Couldn't Lift Ten Pounds.

Doan's Kidney Pills Brought Strength and Health to the Sufferer, Making Him Feel Twenty-Five Years Younger.

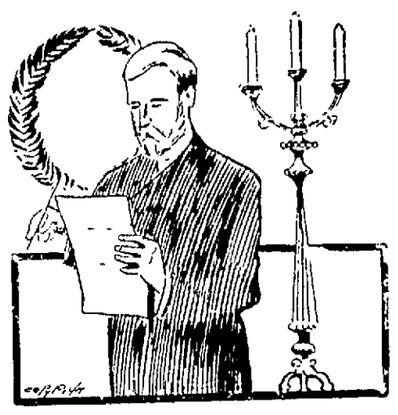

Sick kidneys cause a weak, lame or aching back, and a weak back makes a weak man. Can't be well and strong until the kidneys are cured. Treat them with Doan's Kidney Pills. Here's the testimony of one man cured.

J. B. CORTON.

J. B. Corton, farmer and lumberman, of Deppe, N. C., says "I suffered for years with my back. It was so bad that I could not walk any distance nor even ride in easy buggy. I do not believe I could have raised ten pounds of weight from the ground, the pain was so severe. This was my condition when I began using Doan's Kidney Pills. They quickly relieved me and now I am never troubled as I was. My back is strong and I can walk or ride a long distance and feel just as strong as I did twenty-five years ago. I think so much of Doan's Kidney Pills that I have given a supply of the remedy to some of my neighbors and they have also found good results. If you can sift anything from this rambling note that will be of any service to you, or to any one suffering from kidney trouble, you are at liberty to do so."

A FREE TRIAL of this great kidney medicine which cured Mr. Corton will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. Sold by all dealers; price, fifty cents per box.

Hurt in Collision With Trolley.

Francis Gross of Mountpleasant township was returning to his home from Hanover last Friday. When near the New Oxford road at edge of McSherrystown, his horse took fright and became unmanageable. A street car passing at the time the frightened animal ran across the tracks, striking the fender, and mashed the right hind wheel of the wagon, throwing Mr. Gross to the ground. The horse was caught at Edge Grove. The conductor and motorman picked up the injured man and carried him to office of Dr. A. C. Rice, who found his right shoulder dislocated, together with bruises on his face and other parts of his body.

TALKING about campaign line-ups the Philadelphia "Press," a Republican newspaper, has truthfully sized up the present campaign in a forceful comparison. It will be found on page 7.

WE are indebted to John L. Kendlehart, Esq. for a copy of "Early History and Growth of Carlisle" containing a number of interesting historical sketches of the county seat of Cumberland county.

ON the second page will be found the conclusion of the shameful record Plummer's public career has been. It has been an awful record in supporting the Machine in every kind of vicious legislation as against the interests of the people. It shows that he belongs to the Gang, those "masquerading under the name of Republican" to the injury of that party and the disgrace of the great State of Pennsylvania.

ON the third page is a short sketch of the life of Wm. H. Berry, Democratic candidate for State Treasurer. It makes plain what his home people think of him, how he was elected Mayor of Chester against great odds on promises to clean that city of the iniquities which were disgracing it, and how he made good his promises. Mr. Berry has promised if elected State Treasurer to clean out the graft in that office and he is the man who will make good what he has promised to do.

HOW TO VOTE.

There is but one State issue facing the Republican voter in the present campaign. Is he for or against Plummer, the Penrose—Durham tool. If against Plummer the Republican elector should remember that the whole Republican State ticket with the exception of Plummer can be elected by simply voting the Democratic State ticket. That sounds old but it is the absolute truth and don't let anyone shut your eyes to the truth of that statement. There is nothing at stake on the State Republican ticket but Plummer and a vote for the Democratic State ticket will elect every candidate on the Republican State ticket except Plummer. Let us explain this so as to be clearly understood. The Democratic and Republican State tickets both contain the name of Judge John Stewart for Judge of the Supreme Court and the vote for Judge Stewart will be as well rolled up by voting the Democratic ticket as the Republican ticket. There are four vacancies for Judges of the Superior Court and the law provides that when four or more Judges of the Superior Court are to be elected each elector may vote for as many persons less one as there are Judges to be chosen at said election. The four Judges running for the Superior Court, three on the Republican ticket and one on the Democratic ticket are going to be elected and no power on earth can prevent it. In other words every candidate on the Democratic and Republican State tickets will be positively elected to their respective offices except for State Treasurer, therefore the Republican elector can vote the Democratic State ticket and elect the Republican State ticket with the exception of Plummer. Every true citizen and Republican must wish to bring about that result, for Plummer is backed by the "criminal combination" which Secretary Root says is "masquerading under the name of Republican." A vote against Plummer means standing by Roosevelt and Root as against the "criminal combination." The true Republican will cut Plummer and he can do this and elect the rest of the Republican State ticket by simply voting the full Democratic State ticket.

Hood's

Sarsaparilla enjoys the distinction of being the greatest curative and preventive medicine the world has ever known. It is an all-round medicine, producing its unequalled effects by purifying, vitalizing and enriching the blood on which the health and strength of every organ, bone and tissue depend. Accept no substitute for Hood's, but insist on having Hood's AND ONLY HOOD'S.

LETS HAVE A GETTYSBURG CENTENNIAL

Gettysburg as a borough will soon be one hundred years old. Its birth, life and age is a part of the history and life of the county and the question has been discussed whether it is not up to Gettysburg and Adams county to properly celebrate a Gettysburg Centennial. The COMPILER is heartily in favor of the idea. Other towns and counties have fairs, tournaments, old home weeks and other celebrations, while Gettysburg waits for outside people to come here and celebrate. The town and county ought to be able to celebrate a centennial, a roaring big time of a week. Every part and particle of the life of the town and county should be organized for the event and that at once. Such a centennial should take place early in the summer. The act incorporating the town was passed March 10, 1806, it would be too early in year to hold centennial in March 1906, but as soon afterwards as the weather would permit, say early part of June, would be a suitable time. It should be before commencement week so that a college and seminary committee could work up the return of the old students for the occasion. As National Guards may be here in July and State Firemen will be here in Oct. the most appropriate time would be early to advertise the town for the year, and should be before the travel to seashore is big so as to catch as many visitors as possible. The celebration could start with Sunday when our ministers could preach sermons appropriate to the occasion. Monday might be given over to a big tournament with the crowning of a queen of the Gettysburg centennial. Tuesday night be devoted to a parade of all the organizations of town and county, all the bands of the county ought to be here for the week. The Battlefield commissioners as their part could secure the attendance of a body of cavalry and artillery and Wednesday might be a military display with all the stunts and maneuvers of a full drill. Horse flesh is looming up in the county and a series of races or a grand matinee might be arranged for Thursday. The celebration might close on a Friday with an industrial parade, to which all the business men of town and county, the various boroughs and organizations would be invited to contribute by a representative float or otherwise. Our young people could be asked to fill the evenings of the week with the production of plays in Xavier Hall, to which the schools could contribute in drills and other ways. As an exhibition feature of the week there might be a gathering together of "ye old time" things such as was given several years ago in lecture room of Presbyterian church. The exhibition might be attempted on a larger scale, town and county being asked to contribute. The court house might be obtained as an exhibition place and every room and hall devoted to an historical display. Some of the events might be used to raising revenue for the expenses. Altogether the town and county could have a great big week of it, a fitting celebration of a centennial. A committee could see to the advertising of event and excursions could be organized in the surrounding country. The COMPILER will be one of a hundred citizens to raise a fund for the purpose at $10 a head. There ought to be those in town who would derive benefits from the occasion who would largely add to such a fund if necessary. Let some of the leading business men call a meeting for the purpose, organize, arrange committees for the purpose and get to work. The sooner the better. Now altogether, shall we have a Gettysburg Centennial?

Monuments to U. S. Regulars.

Between thirty and forty officers of the United States Regular troops participating in the Battle of Gettysburg are in town. They came yesterday and have been visiting the battlefield to locate sites for the monuments to mark their positions. Among the number were Lt. Gen. Chaffee, Gen. John C. Bates, Gen. Coppinger, Gen. Frank, Gen. Gordon, Gen. A. F. Wade, Gen. A. A. Harbach and Col. D. D Vanvalzah of the U. S. A. and Gen. F. T. Rodenbough of New York City, Gen. John T. Page of West Point, Lt. Col. Geo. W. Stough and Col. F. Fuger of Washington, Major W. R. Hodge of St. Louis, Col. J. H. Bradford of Columbus, Ohio, Col. Tatnall Paulding, Major H. C. Potter and Major H. E. Smith of Philadelphia and Col. H. H. Morgan of Hartford, Conn.

Gen. Harbach was wounded here in the thigh, Col. D. D. Vanvalzah was also wounded. Col. F. Fuger took command of Cushing's Battery at the Bloody Angle and saw Gen. Armistead come over the stone fence. Lieut. Col. Geo. W. Stough was a Gettysburg boy son of Leonard Stough of this place. The son enlisted as a private, won a captaincy, remained in the army after war was over and several years ago retired with rank of Lieut. Colonel.

Designs and plans for the monuments to mark the positions of the 42 organizations of the Regular Troops will be on exhibition during the visit of the visitors. Though nearly forty firms asked for copies of the specifications it is probable that only two will exhibit designs and plans, the Van Amringe Granite Co. and the Hodge Co. of St. Louis. The three parlors on second floor of Eagle Hotel have been arranged for the exhibition. They were ready for the visitors yesterday evening. It is possible that forty-two separate monuments will not be erected but that one monument for two, three or four organizations will be adopted.

Congress appropriated $63,000 for the 42 markers or $1500 for each organization. After the visitors have been consulted about designs and separate or combined monuments and have inspected field to decide upon sites, the Battlefield Commissioners will award the contracts for the monuments. This will probably be done this week. The dedication of the same may be early next summer.

First Road Under New Law.

The building of the first road in county under the "Good Road" law and the appropriations of millions made toward the building of the same has begun in Germany township. The contractors are on ground and began work last week of opening quarry and crushing stone. Grading will likely commence this week.

The Line-Up of Political Forces.

(From the Philadelphia Press, Rep.)

On the one side is "Iz," he of the capacious pocket, and his business partner, "Jim," with a choice company of retainers-for-revenue-only, whose ranks have been seriously depleted because the presence of the faithful is required behind iron bars. The Martins, Salters, Smyths, Hills, Sterrs, et al., the gambling house keepers, the proprietors of disorderly resorts and speak-easies, the entire criminal population of the city, the corporation bribe-givers and law-making bribe-takers, all supported by one lone, doubtful "organ," which pipes in uncertain tones, makes up the Machine Organization.

On the other side are the president of the United States, the mayor of the city, the secretary of state, the secretary of the navy, all the respectable newspapers of Philadelphia, with the one exception noted, the national magazines and the press of the country generally, the Philadelphia preachers of all denominations, the Pennsylvania Bar Association, the leading business and professional men of the city, a splendid host of young men, fired with the glow of patriotism, and all the tried and proved leaders in movements for civic welfare and human betterment.

Blackmailing the Bankers.

(From the Boston Herald, Ind., Rep.)

The Pennsylvania Republicans have been appealing to about 100 banks of the Keystone State for campaign contributions to meet the expenses of the election this fall. The banks selected for this touch" are those that have been favored by deposits of the state's money. But is there not some limit to the amount such banks can afford to contribute for the sake of holding deposits of the public funds? If campaign contributions must be made each year, and if banks holding public funds must loan money to political bosses whenever they desire it, we should suppose that the outgo might be greater than the income. Presumably all the banks will not pull together in this matter. If they did they could refuse to be bled for campaign contributions or to grant loans to political bosses; but there are those morally weak in business as well as in politics. That class will yield and share the profits they make from holding the state's money with those who are of service to them in obtaining this privilege.

The Brass Band.

"George!"

"Yes, dear?"

"Before we were married you once asked me if I enjoyed a brass band."

"Y-yes, perhaps I did."

"You did. And I said yes. But it seems I misunderstood you, George. My wedding ring is making a black mark on my finger."

"! ! !"—Cleveland Leader.

TRIAL LIST OF CIVIL CASES MADE UP FOR NOV. COURT.

Railroad Damages—Fire Insurance Cases—Suit to Recover Forfeit Money on Sale of Farm.

There are thirteen cases on the trial list of civil cases for the November court. The thirteen cannot mean bad luck, for one side is bound to win. There are four old cases and nine new ones. The old ones are:

John H. Miller vs. Pennsylvania R. R. Co., an action of trespass for damages for $5,000 for being put off train near Sell's Station, because a few pennies short in fare. Case was near settlement at April court but is still on trial list. J. L. Williams, Esq., for plaintiff and N. M. Warner, Esq., of York, for defendant.

Two cases of Hyman and Samuel Lochman vs. The Fire Association of Philadelphia and the Farmers Fire Insurance Co. of York. The suits are for $1,000 each on policies of fire insurance by reason of burning of Littlestown store. The defence in first case is the use of gasoline in store, and in the second case that there was no notice of concurrent insurance. G. J. Benner, Esq., for plaintiffs and C. S. Duncan, Esq., for defendants.

The last old case is that of Geo. B. Hoover vs. John Kimple, an action of assumpsit, plaintiff claiming that defendant sold him title to a restaurant in Maryland for $700, guaranteeing title to be good. The defendant denies any such guarantee. D. P. McPherson, Esq., for plaintiff and C. S. Duncan, Esq., for defendant.

The first new case is American Standard Jewelry Co. vs. C. M. March, being a claim for $180 goods alleged to have been sold defendant. J. D. Keith, Esq., for plaintiff, J. L. Butt, Esq., for defendant.

Charles H. Duttera vs. Basil P. Fink, is an action for the partition of a tract of land lying in Mountjoy and Germany townships, between parties. J. L. Butt, Esq., for plaintiff, H. C. Hinkle and C. S. Duncan, Esqs., for defendant.

John N. Blocher and F. D. Blocher, trading as D. Blocher & Co. vs. Calvin Gilbert, is an action for goods alleged to have been sold defendant to amount of $187.72 to which defendant has plead that he does not owe, payment and statute of limitations. W. C. Sheely, Esq., for plaintiff.

A. M. Kalbach and D. B. Hostetter vs. Horace E. Smith, Admr. d. b. n. c. t. a. of Emanuel Smith, dec'd, is an action of assumpsit of about $1800. The plaintiffs bought a farm of the estate and gave them note for 15 per cent. of purchase money. They refused to take title alleging some defect therein. They paid the note for the 15 per cent. later. The farm was afterwards sold for nearly as much as what plaintiffs had bid. The suit is for the 15 per cent. paid. The defense is that it was a forfeit as assessed and liquidated damages. W. C. Sheely and Wm. Mersherry, Esq., for plaintiffs, C. S. Duncan and J. L. Butt, Esqs., for defendants.

There are three cases, Helena Rickrode vs. Frank Hartlaub, Edward F. Straley vs. Frank Hartlaub and Frank Hartlaub vs. Helena Rickrode, being trespass cases for small damages over fences and boundary lines. Wm. Hersh, Esq., for Mrs. Rickrode and Mr. Straley and C. S. Duncan, Esqs., for Mr. Hartlaub.

Edward F. Straley has also sued Frank Hartlaub for $1000 damages for a slander, alleging that defendant said that plaintiff "stole wire and put it around his garden." Same attorneys as in previous cases.

Annie Stevens vs. Samuel Little, an action of slander, plaintiff claiming $1000 damages, alleging that defendant said "I told you the Stevens would steal and they have got the jars." J. L. Williams, Esq., for plaintiff, Wm. Hersh, Esq., for defendant.

Higher Life vs. Commercialism.

Rev. Prof. Coover of this place delivered a scholarly sermon recently in Harrisburg, drawing a twentieth century lesson from the restoring of sight to the blind Bartimeus. The sermon was on "The Prayer for Vision," and he said that the great trouble in this day is that the ambition of nearly all young men is to make money. The spirit of commercialism is so rampant in the time and country that the youth of today aspires only to be a king of commerce or a captain of industry. Bartimeus sitting at the gateway of Jericho begging alms did not hesitate between the stream of gold which the pious pilgrims would have poured into his lap and the greater boon of sight which he knew Christ could bestow. He decided between a life of vision and a life of luxury and he decided rightly. Too many men shut their eyes to the larger, higher life for the material gifts the world holds in her hands.

THE SANOL Idea—the efficacy of Bromo-Pepsin for headache, indigestion, and insomnia, because it can always be relied upon to cure promptly and because it is absolutely harmless. All druggists, 10c, 25c, and 50c per bottle.

MARGARET, 12 year old daughter of Mr. and Mrs. W. H. Kohler of New Oxford, was recently successfully operated on for appendicitis at York Hospital.

NEW CURE FOR CANCER. All Surface cancers are now known to be curable, by Bucklen's Arnica Salve. Jas. Walters, of Duffield, Va., writes: "I had a cancer on my lip for years, that seemed incurable, till Bucklen's Arnica Salve healed it and now it is perfectly well." Guaranteed cure for cuts and burns. 25c. at all druggists.

10 Years Use Proves the Merits of Downs' Elixir.

"I have used Downs' Elixir 10 years and always found it all you represented it to be for breaking up colds."

Wesley Rockwell,
West Brattleboro, Vt.

Downs' Elixir never disappoints the user, and although we are unstinted in its praise, it does all we say and more. The fact is that for the rapid and permanent cure of all lung or bronchial troubles, nothing ever equaled Downs' Elixir, while for croup, whooping-cough, colds, coughs, it never fails. Sold everywhere and your money back if not satisfactory. **L. M. Buehler.**

MRS. REBECCA FICKES of New Chester, aged 90 years, is recovering from a fractured arm by an accidental fall.

GOOD SPIRITS.—Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine conditon if you would feel buoyant, happy and hopeful, bright of eye, light of step vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At Huber's Drug Store.

MISS HILDA BENDER and Miss Nell Fridinger were returning from Hanover to McSherrystown on a recent evening, when horse fell, broke the shafts and tore the harness. The young ladies jumped from vehicle and were not hurt.

INFLAMMATORY RHEUMATISM CURED IN 3 DAYS.—Morton L. Hill, of Lebanon, Ind., says: "My wife had Inflammatory Rheumatism in every muscle and joint; her suffering was terrible and her body and face were swollen almost beyond recognition; had been in bed for six weeks and had eight physicians, but received no benefit until she tried the Mystic Cure for Rheumatism. It gave immediate relief and she was able to walk about in three days. I am sure it saved her life." Sold by People's Drug Store.

MISS CECELIA STONESIFER of Brushtown has purchased a property in McSherrystown of Mrs. Lewis Eline.

A JUDICIOUS INQUIRY.—A well known traveling man who visits the drug trade says he has often heard druggists in spite of customers who asked for a cough medicine, whether it was wanted for a child or for an adult, and if for a child they almost invariably recommend Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by J. H. Huber

A carrier pigeon recently came to residence of George Zimmerman of Liberty township and is being well cared for. Tag on left leg has "No. 8595" on it and one on right leg "L 39."

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY, as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c. per bottle.

THE Original Laxative Cough Syrup is Kennedy's Laxative Honey and Tar. It expels all cold from the system by acting as a cathartic on the bowels. RICHARD and Percy Polley have bought out butcher business of George Byers of Fairfield.

SOME SEASONABLE ADVICE.—It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by J. H. Huber.

RHEUMATISM CURED IN 24 HOURS.—T. J. Blackmore, of Haller & Blackmore, Pittsburg, Pa., says. "A short time since I procured a bottle of Mystic Cure. It got me out of the house in 24 hours. I took to my bed with Rheumatism nine months ago and the Mystic Cure is the only medicine that did me any good. I had five of the best physicians in the city, but I received very little relief from them. I know the Mystic Cure to be what it is represented and take pleasure in recommending it to other poor sufferers." Sold by Peoples Drug Store.

HOW TO CURE CORNS AND BUNIONS.—First, soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequaled. For sale by J. H. Huber.
